

Rasdale Stamp Company

Welcome to the First Session of the 433rd Public Auction

We have had an extremely busy second quarter acquiring well over 100 consignments utilizing moving trucks and several trailer loads. This auction by far the largest, physically we have ever offered. There are 848 lots in the first session made up of 1231 large cartons, 221 medium and smaller boxes, and 59 albums. So much material was arriving on a daily basis we cut off the consignment deadline a month early and since then warehoused 26 pallets for the November auction. There are five major estates in the sale. The largest is the "Country Club" estate which was delivered in a 26 foot truck consisting mainly of multiple collections of United States and mint singles, along with a huge pile of United States mint sheets and postage. Also included in the estate are four extensive Canada collections, two with complete Jubilee sets. Secondly, is the "Coaches" estate housing a very impressive Third Reich and German Zeppelin cover collection and accumulation. Then there are the "Cardinal" and "Lakeside" estates offering up a magnificent Worldwide Zeppelin cover group. The Peninsular estate of Chinese covers round out the spectacular single cover section. **Please note that due to the size of the auction a bid sheet has been inserted separately.**

- 67 ★/(★) **The ultimate in Olympic collectables.** A 1936 Hitler presentation book for the Berlin Olympics showing limited edition photographs (16) from many venues. Inside the front cover are two pages of actual signatures from many of the medaling athletes. Includes Jesse Owens, Cornelius Johnson, Jack Medica, Ken Carpenter, Helen Stephens, and over 25 others from all over the world. Coach liked to tell the story that Hitler had had these made up just for the German signatures, but every athlete “just walked up and signed the records to be included in the book”. Great story, better Olympic autographs. Some cover problems with a loose emblem and severed leather strap. But all parts are here and original. Please examine with care. **(Webphoto) S.B. 1250.00**

- 100 ★/○ **Accumulation of remaindered collections, unsold auction items, loose album leaves, stockbooks, unsorted glassines, subscription items and the like filling nine heavy cartons.** Thousands of collectable stamps in variable condition, 1860-1995. Duplication mainly 1932-1965. Thoroughly remaindered of most of the premium singles leaving many intermediate sets and singles to be rediscovered. Huge uncharted catalog. Too many UN, Palau, Micronesia, and FDCs included to pad the bulk. However enough postage remains for fearless face hounds to consider. Probably breaks down into around thirty or so viable bourse lots and a pile for the fireplace. **(Webphoto) S.B. 1500.00**
- 101 ★/○ **Seven cartons of partial mainly mint United States collections, stockbooks, and mint sets from the 1970s and 1980s from the Country Club estate.** Collections exist in various stages of completion and styles of albums. - 102 ★/○ **Nine cartons of remaindered US collections from the Country Club estate.** Lots of postage to count in ten or so collections on all sorts of different album pages. Little if any classical material with most being 1940-1999. Too much loose stuff between the pages making inspection tricky. Probably no intact group of albums either with partial collections the rule here. Still plenty of value for the new owner if reorganization is a specialty. **(Webphoto) S.B. 1500.00**

Condition is quite mixed so careful viewing recommended to spot the few cherries. **(Webphoto) S.B. 1500.00**
- 104 ★/○/☒ **Two heavy cartons stuffed with floor sweepings from a respected Buckeye State dealer.** Most of the value lays in an obsessive amount of higher cataloging 19th century used where we did spot a 90¢ carmine Banknote, and #72. There are a few elementary collections to be filled, and what lot would not be complete if it did not contain postage that was accumulated for some reason. Take your time viewing as we are sure we did not cover all our bases. **S.B. 1500.00**

- 105 ★/○ **Eight cartons of remaindered US collections and such from the Country Club estate.** Lots of postage to count in ten or so collections on all sorts of different album pages. Consists of four Scott International albums divided as Haiti to Yugoslavia, Karelia to Middle Congo, Monaco to Portuguese India, and Reunion to Sweden. Also contains a Citation album from A to Chile, a Harris Standard album from China to DDR, and binder having Scott pages from St. Pierre to Zululand. Includes fascinating China (ROC, PRC), Japan, Russia as well as British and French colonies. Needs careful examination to come up with the right number. **(Webphoto) S.B. 5000.00**
- 299 ★/○ **Eye catching seven albums from the 1940s to the 1980s in two cartons.** Contains thousands and thousands of mainly different mint, used, and CTO stamps in full, partial sets, and singles. Comprises three Scott International albums divided as Afars to Bolivia, Brazil to China, Egypt to Guinea, two Minkus albums from Ghana to Kiribati, Orange Free State to Sierra Leone, one Harris Worldwide album from Korea to Oman, and Harris binder from Singapore to Zimbabwe. Involves China, British, and French colonies. Good value to be found throughout. **(Webphoto) S.B. 5000.00**
- 300 ★/○ **An original collector's collection in a bulging Harris A-M album and a Pullman M-R binder on Minkus pages from the 1860s to 1940.** Thousands and thousands of mint and used stamps mostly different in full, partial sets, and singles. Has huge owner's older catalog value which consists of dubious, fakes, miss identifications, and revenue cancels which were counted. Encompassed interesting China, British, and French colonies. A "meaty" selection well worth your inspection **(Webphoto) S.B. 4500.00**
- 301 ★/○ **Collector's black box (six) stock on a several thousand 102 size cards each containing a "better" set or single.** At one time in the near past was fully cataloged (2016?) with tapes, organized. But handling has caused dueling tapes, miscataloged stamps, and counted fakes and forgeries. Plenty of good stamps from formerly popular countries (no China). Best areas include Portugal, Switzerland, and French Colonies and former colonies. Huge catalog value. Now offered a small fraction of retail to please many bidders. **(Webphoto) S.B. 2200.00**
- 302 ★/○ **Three cartons of "better" foreign stamps.** Around twenty lots in all consisting of failed auction lots, misdescribed auction lots (from other sources), stockbooks of mint, stockbooks of used, loose album page folder lots, individual items, and much, much more. Strongest in France and French colonies, but has more than its share of faults. Mixed condition throughout. Not as clean as it should be with fakes, forgeries, and reprints hovering throughout. Emphasis is on quantity with quality only secondary. Appears as if the original owner already upgraded from here leaving his seconds in the fray. Huge catalog, duplication, and plenty of finds to be remade. What fun! **(Webphoto) S.B. 2200.00**

- 303 ★/○ **Around seventy unsold auction lots that didn't quite make the cut this time around.** Includes lots of British plus strong Italy and areas, Far East, Liechtenstein. Mostly complete sets or better values somewhat mixed condition but most Fine or better. Compact value, worth close inspection. **(Webphoto) S.B. 1700.00**
- 304 ★/○ **One man's souvenir sheets and booklets accumulation/collection** in an album and stockbook on blank pages circa 1940 to 1998 having a strong presence from the 1950s to the 1970s. Roughly 1,050 mint and CTO mainly different. Includes Japan #311a and 456 as well as from the British Commonwealth. Very attractive which will easily break down into individual or small lots for internet sales. **(Webphoto) S.B. 1700.00**
- 305 ○/★ **Around 200 retired APS sales books that circulated during 2003-2005.** The catalog must be enormous for it appears that there are substantial owners retail left in each one. Truly worldwide with no apparent areas stronger than others. Unsearched by us, but probably a little remaindered by the first owner. Great value for the philatelic recycler. **(Webphoto) S.B. 1250.00**
- 306 ★/○ **Manipulated auction lot reoffered here.** Seems to be a nine volume Yvert world collection to 1984. However selected pages (and countries) have been removed leaving little if any early classical material and just a few instances of any 19th century at all. Thousands of stamps remain mainly mint hinged into the albums. A preponderance of mint sets many having intermediate catalog values. Huge aggregate catalog which has little relation to its real value. Mainly 1945-1980 in Yvert order. The previous owner paid big money for this group, but its standing as a remaindered aggregation has the reserve set at a small fraction of its previous offering. Look close for this bargain lot will interest many bidders at the current suggested bid. **(Webphoto) S.B. 1200.00**
- 307 ○/★ **Six heavy, well used, and disheveled stockbooks filling a banker's box.** Several thousand stamps in all from a cherry pickers estate. Used and mint. Huge catalog. Variable condition. Somewhat remaindered. Very few complete sets, mainly singles and part sets. Plenty of high ticket items. Problems with condition, misidentification, and the presence of fakes and forgeries hold this one back from being an exceptional lot. Great group for the catalog expert, or when all is written up will have been purchased at a small fraction of catalog. **(Webphoto) S.B. 1200.00**
- 308 ★/○ **A stockbook holding couple thousand which were culled out of stocks and collections.** Strong in the classic period in better than usual condition. Owner's catalog totals \$23,670 which needs a bit of scrutiny as there are a few dubious. Wide variety which makes this a good group for the worldwide collector. **(Webphoto) S.B. 1200.00**
- 309 ★/○ **NO LOT**
- 310 ★/○ **Stack of around a hundred country collections in folders.** Most have an estimated catalog value which adds up to quite a bit. All are mixed mint and used and run up to the mid 1950's. Good lot for the general collector or easy profits for the dealer to sell as lots. **(Webphoto) S.B. 1000.00**
- 311 ○/★ **Collector's duplicates filling six of our largest cartons** contained in over a dozen "mystery lots" put together and marketed by a large stamp wholesaler. The mystery lots are just jammed to the brim with mainly used stamps in glassines and on small stockcards. There are finds to be made and world collection spaces to be filled in this over 100,000 (just a guess) individual stamp pile. Duplication, salted with a few goodies here and there to keep you coming back for more. Huge aggregate but meaningless catalog value. If you love the hunt this is a lot for you. Hundreds of hours of sorting and searching fun in this "grains of sand on the beach" holding. **(Webphoto) S.B. 1000.00**
- 312 ★/○ **Fabulous two volume 19th century albums by Richard Senf printed in 1899.** Albums are collector's items in themselves. The stamps are very filled in some sections, mostly Europe and South /Central America, and sparse in other areas. Better countries include Germany and States, Denmark, Cape Of Good Hope plus much more. Take some time to view and enjoy a collection from the past. **(Webphoto) S.B. 1000.00**
- 313 ★/○ **Consignment as received** in a pizza box with better stamps identified and priced on a pile of "102" size cards. A sample of the better are Switzerland used #C2 w/cert, Tristan Da Cunha 28-41 NH, Vietnam #13 x2 NH, and loads more. Great lot for adding stamps to a world collection. **(Webphoto) S.B. 1000.00**
- 314 ★/○ **A skinny stockbook containing several hundred medium to better values and sets** culled out of stocks and collections. Runs from classics to mint sets. Strong in Great Britain as well as other British plus Scandinavia. Owner's catalog is \$17,000 which needs a bit of discounting due to a handful of dubious. Minimal duplication. Good lot for the worldwide collector. **(Webphoto) S.B. 1000.00**
- 315 ★/○ **Caboose catchall job lot from a large consignment.** Includes seven cartons of leftovers, from loose stamps through unsold auction (eBay) lots, plenty of glassines and stockcards holding who knows what along with loose album pages and two full cartons of floor sweepings. A couple of worthwhile months of work to get this mess ready for market. **(Webphoto) S.B. 950.00**
- 316 ★/○ **Consignment balance with six Scott Binders and stamps into the 1970's.** Better areas include Afghanistan, Mexico, Liberia, Russia States and Czechoslovakia. Contains thousands of stamps with many mint/used sets and could be broken down by country. A well rounded offering. **(Webphoto) S.B. 900.00**
- 317 ★/○ **Massive collector's duplicates from the 1870s to 1990s in thirteen cartons.** Thousands and thousands of mint and used stamps mainly in red boxes either in glassines or 102 sale cards having enormous backup. To the right person this lot could be a goldmine. To another person, it might be a clunker. **(Webphoto) S.B. 850.00**
- 318 ★/○ **Accumulation with seven binders.** Includes British America, Vatican, Austria, Croatia,, China presentation booklets and much more. Some of the countries did not make the grade as single lots. Should be carefully viewed to prove in the value. **(Webphoto) S.B. 800.00**
- 319 ★/○ **Two volume collection in 19th century Senf albums.** If you like the classics this one is for you. The collection is not very full, a few thousand stamps with many that require researching. Better areas are Germany, Great Britain, China and Japan. Should be carefully viewed to prove the value. **(Webphoto) S.B. 800.00**
- 320 ★/○ **Two boxes of mixed contents.** Strong in Europe especially Germany and areas. Also, helpful British. Along with the dozens of circuit books and sales pages are decent mounted collections of Netherlands, British Europe and Laos. Needs inspection because there is a lot to go through with decent items here and there. **(Webphoto) S.B. 800.00**

RASDALE STAMP COMPANY

- 321 ★/○ **According to the Owner is a “red box dealer’s stock”** but looks more like remaindered backstock to us. Five full cartons of red boxes (around 25) each packed with 102 and 104 sized cads along with various glassines. Inside could be anything, but mainly low end sets, part sets and singles now only partially organized alphabetically. Duplication abounds. Lots of CTO.
