

**Welcome to the First Session of the 459th Public Auction**

Welcome to the second auction of 2024 containing nearly 1,100 lots. We have become very familiar with rural Illinois due to frequent trips to the central and southern part of the state. These trips have produced one of the bulkiest sales we have had in quite some time. So if mixed box lots are your interest, you will have plenty of opportunities. In addition to the mixed box lots, there are a range of country dedicated collection lots which are highlighted by the United States and Possessions, PRC, along with various Latin America countries. The United States singles are notable for probably the most items offered with graded certificates. The foreign singles encompass nice PRC and Italy. Be patient if the shipping process is still a little slower than in the past as we are continuing to fine tune the new process. What we have discovered is that it is less expensive to send the smaller packages USPS priority flat rate. Additionally, by using a private logistics company the cost of the larger, freight type ships are almost cut in half. Thus, this is the way to go for shipments of 15 or more boxes. When possible, if bidding on large volume lots let us know if the freight method works for you. We thank you for your continued support. We do appreciate our customers and any suggestions you may have.

**Pre-Auction Bidding:** Bids will be accepted by mail, fax, email and phone until 5:00pm (CDT) on Friday, May 17th.
