Columbians are mint to the thirty cent and then canceled to the two dollar. There is also a set of Columbian card proofs. There are many high value items among the bureaus. The Trans-Miss and Pan-Am Expo were well chosen by this collector. Through out this early era are many pairs, blocks and strips which enhance the value. Washington Franklins though not complete have many desirable singles, coils, pairs and a few plate blocks. This collection closes with some error issues such as #1151a, 1484a, 1487a and E15c imperforated between as well as a few issues with color omission. A beautiful collection with some having certifications. **S.B. 3500.00**
- 227 ★/○ **A pleasing assortment for mostly NH medium value commemoratives, regular issues, and airmails.** The C13 and C15 are NH while the C14 has a little bit of disturbed gum. \$2000.00 in face of \$5 values and above in Federal Duck plate blocks of four thrown in for a bonus. A pretty clean group with loads of profit potential or a special enhancement to a philatelic investor. **S.B. 3500.00**
- 228 ★/○/☒ **Sixteen heavy cartons full of everything US from the North Shore New Issue hoard.** We have diligently removed as much packaging as we could leaving only the useable pieces. Includes: FDCs, year sets, special folders, plate blocks, sheets, souvenir folders and sheets plus anything else the Philatelic agency was selling. Plenty of multiples. Too many subscription items make these really heavy. Seems to stretch from around 1977 through the early part of 2000. Not necessarily a complete run. Postage is difficult to estimate, but must be near \$900 face. Clean, unsorted, ready to be worked up into stock. **S.B. 1500.00**
- 229 ★ **A contemporary to modern collection/accumulation.** Includes mainly 1920's and after lower values. Most of the value is in postage types. A small United Nations collection/accumulation has been thrown in for a bonus. **S.B. 1200.00**
- 230 ★Blk **An enticing three volume 1909-1998 regular issue and commemorative plate block collection harbored in Scott Specialty albums** with slip cases. Pockets of value abound in both front of the book and airmails. Most of the material we inspected tended to be hinged however we did spot some NH in critical areas. Centering is consistent for the areas represented. The lot offers a fair entry point for the new plate block collector. **S.B. 1200.00**
- 231 ★/○ **An agreeable mint and used 1847//1979 two volume collection mounted in Scotts albums.** Mostly lower to medium values with a high value scattered about. Both 19th and 20th century are fairly represented and a neat section of airmails minus the 1930 Zeppelin set. Back of the Book is present as an afterthought. Condition is mixed. Good starter candidate. **S.B. 1200.00**
- 232 ★/○ **Matured starter collection from an old-time collector.** It includes a few early duck plate blocks, many \$5.00 plate blocks and a couple plate number singles plus many signed used ducks. There are some mid-20th century low value commemoratives and a Kansas Nebraska set. The airmails include the C13- C15 Zeppelins. Condition is mixed but many sound stamps are present. **S.B. 1200.00**
- 233 ★/○ **United States collection/accumulation as received in six heavy bulky cartons.** Multiple US Albums and collections in various stages of completion. Includes a full carton of mint postal stationery with "high" face value. The albums vary from beginner to intermediate with plenty to like. Columbians to 30 cents, selections of banknotes, a few classics in variable condition, Farley's, C1-C6 mint, C18, plus substantial uncounted face, are all worthy finds. The albums have been slightly remaindered into each other making all part of the "main group". Would benefit from a face count and a close look into the 19th century items present in several different albums. **S.B. 1100.00**
- 234 ★/○ **A pile of philatelic pleasure encased on 9 large cartons.** Includes collections from remaindered to elementary, binders filled to various degrees of amounts and values, both mint and used, and untold and uncounted of face to be discovered. Great potential for some looking so simple. **S.B. 1000.00**
- 235 ★/○/☒ **The Good, Bad, and Ugly US lot filling eleven heavy cartons from a large East Coast consignment.** The good is multitudes of intermediate issues in duplication mainly from Washington/Franklins through two cent reds spread throughout the holding, the bad is the thousands of sorted used US commemoratives in redundant duplication, and the ugly is the way to many subscription FDCs and common correspondence that dilutes the occasional postal history find. A few nuggets here and there help bring this group forward, but a long look is suggested to confirm an appropriate bid. **S.B. 1000.00**
- 236 ★/○ **Pouty little US collection in a clean Scott Specialty album to 1978.** Few classics, but strong post 1920. The original collector preferred mint stamps, but hinged them into his album. Bought multiples of many issues 1924-1972 looking for perfect centering. Lots of value in his duplicate stockbooks. Huge catalog. Most of the value is in the uncounted postage spread throughout the three carton lot where a new generation collector went to the post office and grabbed sheets of mainly 32 centers. Also includes flat presentation sheets of the Loony Tunes issue x 2, and the Space exploration large souvenir sheet x 3. Lots of face to count that is barely figured in our estimate. See the webphotos. **S.B. 900.00**
- 237 ★★ **1978//2016 Federal and State Duck accumulation.** Includes plate blocks, souvenir sheets, single a few FDC's thrown in for a bonus. Just a tiny bit of duplication. Very high face value. Good lot for the modern specialist. **S.B. 750.00**
- 238 ★/○ **A good collection in three Scott albums.** The singles begin with a few classic and become more complete in the banknotes and continue to the BOB. Better stamps can be located throughout especially in the Washington Franklins. There is a nice grouping of coil pairs with many being line pairs. The third album has many booklet panes. The second box of this collection has a large amount of uncounted postage plus a few gems here and there (see photos). This is a good collection to tidy up and build upon plus postage, some with high values. **S.B. 750.00**
- 239 ★/○ **A comprehensive group in a stockbook the range being from imperforated to Hawaii.** Early issues include many three cent Washington's then a large assortment of banknotes and mint Washington-Franklins. There is a mint group of from the 1920s and 30s including a few plate blocks and Prexi coils. Commemoratives are well represented starting with Columbians and continuing into the 1930s. Back of the book is very divers; special delivery, postage due, parcel post, parcel post due...revenue first issue, playing card, a flock of ducks, officials and some specimens. The condition is very mixed, but there are many desirable stamps. Certainly worth a very serious view. **Cat. 9600.00**

- 240 ★/○ **Three mint and used collections that can be combined into one.** Nested in three Scott and one Lighthouse hingeless albums with slip cases and an outlier Schaubek album of little consequence. All are lightly populated in the 19th century yet picks up steam in the 20th up to the 1970's. Does contain and little bit of airmails and Back of the Book. Condition is mixed. My vote is that all the material should end up in the Scotts series as that group is the nicest. **S.B. 600.00**
- 241 ★/○ **United States assortment in five cartons.** Comprises hundreds and hundreds of mixed mint and used stamps in binders, albums, loose, and some subscription items running to the end of the 20th Century. Most of the value is in the roughly \$900 face in year sets, loose, in a rudimentary stamp and plate block collection. NO power but plenty of stamps to wet your philatelic whistle. **S.B. 600.00**
- 242 ○ **A notable assortment of used low to medium value 19th and 20th century regular issues and commemoratives** neatly arranged in a small stock book. Condition is mixed. Sizable duplication. Lots of catalog offered at a reasonable price. **S.B. 550.00**
- 243 ★/○ **A very good accumulation of early material with many high denominations.** Mint Washington-Franklins are present as well as stamps of the 1930s. A small flock of used ducks are nestled in as well. This is a desirable lot with choice items here and there. **S.B. 475.00**
- 244 ★/○ **The US part of a large consignment.** Highlights include: Several US used collections in old albums. Probably a progression of beginner through intermediate with only one having better than packet stamps., three albums of US plate blocks with stamps from the post office, two empty Minuteman Albums, and a carton of miscellaneous face types mainly scrap. probably over \$750.00 face altogether. Take a thorough look as some could be useful. **S.B. 450.00**
- 245 ★/○ **A rather better group than normally encountered.** There are many blocks and plate blocks mostly from the 1930s to the 1960s. Some of the better items are a sheet of #651, plate blocks of 1934 National Parks and #1053. There is a selection of used material from classics to bureaus, condition is mixed, a few better revenues and some uncounted postage. Pickings through out and worth the viewing. **S.B. 450.00**
- 246 ★/○ **This is a quality War Savings collection that has some scarce items.** It also contains related material that increases the interest of this area. This is an excellent lot for the specialist. **S.B. 425.00**
- 247 ★/○ **A very nice attractive collection including many souvenir sheets.** Mouted in Lighthouse hingless albums, it gains strength with the banknotes and is strong in Washington Franklins as well as in many areas of modern issues. Back of the book has much to offer in air mails, special delivery and ducks. There are worldwide stamps thrown in as a bonus. This collection deserves close inspection for the gems located here and there. **S.B. 400.00**
- 248 ★/○ **What you see is what you get. 16 red boxes, 7 sales books, and two binders.** Most of the value is in postage types and used of the same era. It is well organized and identified. Great lot for your young capitalist. **S.B. 400.00**
- 249 ★/○ **Small lot of a couple dozen better items plucked from a very messy consignment.** Includes 19th and 20th century mint and used front of the book, a few airmails, and proofs. Condition is mixed. Easy lot to figure. **S.B. 400.00**
- 250 ★/○/☒ **Consignment remainder of stamps and covers.** There are a few elementary collections and a stock book as part of this lot. The stock book deserves a close look because of many desirable stamps. Condition is mixed but many attractive sound stamps are present. **S.B. 375.00**
- 251 ★ **A useful group of early twentieth century stamps beginning with the 1902-03 regular issue that includes 310-312.** There are commemorative issues (300//404) and most are hinged to varying degrees with a couple appearing regummed. Well worth a careful viewing. **S.B. 350.00**
- 252 ★/○ **A revenue collection in a neat clean Scott Album with a slipcase.** The first issue perforated is well represented as are documentary and wine stamps. Many are mint including potato tax and boating stamps. There is also a small group of documents from the 1870s and a few other interesting items. A very interesting collection that is a good starter candidate. **S.B. 350.00**
- 253 ★/○ **A pedestrian mint and used front and back of the book collection nestled six Davo hingeless albums.** Mostly lower values with a occasional medium priced item scattered about. Condition is mixed. Would make an appropriate beginners starting point. **S.B. 300.00**
- 254 ★/○ **An assortment of mint and used stamps with some of the better cancelled** being 94, 134, 236, 240, 298 (2), 330, C4, C6, and better mint are 279NH, 281-282, 303, 324, 329, 368, 371NH, 399, 403NH, 442NH, 513NH, 532NH, 555, 557NH and 560NH. There are also mint sets of note Pilgrim Tercentenary, Huguenot-Walloon Ter., Lexington-Concord, National Parks and Transports. These are ready to be included in a dealer's stock. **S.B. 300.00**
- 255 ★/○ **A pedestrian mostly mint collection. Starting with the Pan-American set** it also highlighted by 498//518, 547, a Kansas-Nebraska set, \$5.00 Presidential plate block (tape stained), C1-C6, and a C18. Also includes an accumulation of mint and used thrown in for a bonus. Condition a bit mixed. Would make an excellent starter collection. **S.B. 270.00**
- 256 ★/○ **Collector's United States duplicates in a variety of "red" boxes holding hundreds of 102 sized cards.** The vast majority of the stamps are used with duplication. Mint make up around 5 percent of the dozen or so groups in shoe boxes, binders, etc.. Mixed mint and used. Mixed condition. Even includes a small amount of foreign that survived the lotting. Around \$250.00 face to count. Be careful not to get too excited when rarities appear. they are ALL pictures from auction catalogs and not stamps at all! Enough decent runs for a productive lot, but the fakes removed the wind from our sails. Viewing necessary. **S.B. 250.00**

- 323 ★/O/☒ **Accumulation set up as a dealer's stock in 91 counterbooks.** Mainly British with many sets, short sets and individual values. Some duplication but not excessive. Kind of sloppy in appearance as the books have gotten somewhat out of order, within and of themselves. Also, the over filling of pages have caused them to collapse under their own weight and on top of all this, the extraneous writing is confusing. This aside, there is much better material throughout to warrant careful viewing. **Cat. 3500.00**
- 324 ★/O **The world is your oyster or in this case a thousand plus worldwide stamps.** Three boxes, a total of ten albums, with many mint sets and a number of desirable stamps. - 325 ★/O/☒ **Untouched, original foreign stamp collection in a variety of overlapping, clean, reusable Scott albums 1840-1960.** The value is in the four volume 1840-1940 International A-Z collection housing our estimate of 40,000 - 65,000 different collectable stamps. Value in the sheer number of stamps with the first four volumes estimated to be 70% full. Surprises abound with nary a page without something to notice. A preponderance of packet material spiced up with sets, singles, and covers that tickled the former owner's fancy. Extra quadrille and blank pages along with stamps in the margins is the norm. Includes a total of 17 albums (four full, 7 moderately filled, and six fairly sparse) which need to be boiled down into a main collection that will then have pages to 1960. Easily continuable or broken down as single country groups. Viewing is necessary for this as it will be a popular lot. **S.B. 2500.00**

Remaindered, but thousands of stamps remain. The albums themselves are coming apart with all four needing rebinding. Enough stamps to consider continuing and going through the hassle of rebinding. Illinois sales tax of 7.50% will be collected on the total purchase price of all Illinois residents unless the buyer has a Certificate of Resale on file with Rasdale Stamp Company. All customs and or duties are the responsibility of the buyer.
11. All lots are sold as genuine. Lots accompanied by a valid Expert Certificate issued within 5 years prior to the auction date shall not be subject to re-certification.
12. The following conditions apply to requests for Expertization:
 - a) The lot must be paid for in full including 16% premium and forwarding costs, if any;
 - b) The lot must be submitted by Rasdale Stamp Company or the bidder to an Expertizing Committee acceptable to Rasdale Stamp Company within 21 days of the date of sale;
 - c) If submitted to the Expertizing Committee by the successful bidder, a copy of the application form shall be simultaneously forwarded to Rasdale Stamp Company;
 - d) Lots containing more than one stamp may not be placed on extension.
 - e) If the Expertizing review is not completed and the results provided to Rasdale Stamp Company within 90 Calendar Days of the auction date, then Buyer shall notify Rasdale Stamp Company of the delay prior to the expiration of the 90-day period. Since all lot sales are normally cleared within 90 days, if Buyer fails to inform Rasdale Stamp Company of the delay, then Rasdale Stamp Company may consider the purchase final and distribute the sale proceeds to the Seller as a Buyer acceptance of the tendered lots. Absent timely notice and request for additional time being received by Rasdale Stamp Company, in writing, prior to the 90 days clearance, this transaction may be deemed closed and final by Rasdale Stamp Company with Seller acceptance without objection, and with waiver of default or any claim for refund from the Buyer or Rasdale Stamp Company.
 - f) Expertization costs shall be incurred by the buyer. However, should an adverse opinion be rendered on Authentication, but not due to condition and or grading, then Rasdale Stamp Company will forward an immediate refund of: (i) the cost of the certificate, which shall not to exceed \$50.00; (ii) the full purchase price; and (iii) the commission, provided the lot is timely returned to Rasdale Stamp Company in the same condition as when purchased.
 - g) No lot can be returned in any circumstance due to "grading" since it is highly subjective.
13. A lot, in which the description is incorrect, is returnable within 5 days of receipt and must be received by the Rasdale Stamp Company within 21 days from the date of the auction. Provided, however, lots cannot be returned under the following conditions: 1) the lot contains 10 or more stamps; 2) there is mention of faults, defects, or "condition mixed" in the listing description; or, 3) the lot was inspected by the buyer or the buyer's authorized agent prior to bid or purchase. Lots described "as is" are not returnable under any circumstances. All disputed lots must be returned intact, and in the condition received by the buyer. Collections, accumulations etc., are not returnable under any circumstances.
14. Title shall not pass to the buyer until Rasdale Stamp Company has received full payment. Full payment is defined as cash or cash equivalent receipt of sale proceeds by Rasdale Stamp Company. Delays may accrue due to credit card fee transfers, check deposit subject to collection and the like. Receipt of a non-certified funds check shall not be construed as payment until funds are fully vested in Rasdale Stamp Company.
