

Welcome to the Second Session of the 457th Public Auction

Welcome to our last sale of 2023. We have seen a leveling off of the market after two years of strong growth, however, prices are still higher than pre Covid days. The sale starts with meaty US collections and accumulations. The first lot is a collector made collection offered intact, suggested bid of \$22,000.00, followed by several dozen more, all the way down to a cute precancel lot filling a carton, suggested bid of \$50.00. The Canada and provincials lots are also very desirable with suggested bids ranging from \$7,000.00 down to \$100.00. The large offering of covers includes a U.S. WWII patriotic lot and a lot with 1,700 Collin's first days. A U.S. and worldwide mixture put together over many years by a stamp dealer who threw any cover that looked interesting into a box and told us not to take anything out so he could get his "bonus" in one lump sum. The singles and sets section contain material of various conditions with wide ranging price points to appeal to all levels of dealers and collectors. Again, the US leads the way, but Canada and Italian Areas are strongest in the worldwide with highlights in Australia, France, Germany, Poland and Russia. Check out the almost 8,500 scans to guide you, but as always, if more information is needed feel free to call us between October 30th and November 8th to speak with one of our describers.
